

RV MOBILE ASSET

With a sleeping capacity of seven, our recreation vehicle fleet provides flexible, efficient and accommodating billeting solutions with desired amenities and luxuries for those operating in field environments. Sleeping accommodations are provided in two separate bedrooms as well as a convertible sleeper sofa in the main cabin, and include a queen bed with innerspring mattress in the first bedroom and a double bunk atop the double bed in the rear bedroom.

The vehicle features an expandable, spacious central room surrounding the kitchen. The kitchen features a double door refrigerator with freezer, (3) burner cooktop with hood light and exhaust, a microwave oven, a 50/50 residential style sink and a multi-purpose inside/outside dinette table. The restroom contains both a shower and a bathtub, as well as its own separate exterior exit, sink/vanity with medicine cabinet and a convenient foot flush toilet. The vehicle also features an audio entertainment system with interior and exterior speakers, cable TV hook-up, and crank-up TV antenna with signal booster.
